Tony Italiano Stressed to all. Don't Drink and Drive but doing the right thing on Sunday when he
and Hans and partners attended a whisky tasting made use of UBER services

After getting dropped off after the event he realised he had left his phone in the UBER

He promptly jumped in his car at home and chased the driver and at a set of traffic lights when he
couldn't attract the driver's attention got out of his car and started banging on the cars window

Thanks to a contact that Guenter Best provided we invited Joshua Mitting to our meeting to perform some songs from his repertoire

We were treated to one of the most enjoyable and sensational performances from Joshua

It is extremely rare for anyone to get a standing ovation from club members

His version of Music of the Night from the Phantom of the Opera had all those in attendance memorised

We then convinced Joshua sing another song

Never have we closed a meeting with the National Anthem sung like that
