RYPEN - Rotary Youth Program of Enrichment
'Fun with a Purpose'

If you are or know someone who is 14-17 years of age who is

- Wanting an opportunity to develop and challenge themselves.
- Looking to develop their self-esteem and confidence
- Interested in developing skills including leadership, teamwork, communication, goal setting & problem solving
- Wanting to build a network of young people and to make new friends
- Excited for a weekend of fun

then we'd love to have them attend the RYPEN camp from 29th-31st March 2019.

RYPEN asks Rotary Clubs to sponsor participants and, the more participants we get, the better the camp will be. We would love to welcome an applicant from the Busselton Geographe Bay Rotary Club to the camp.

There's an exciting and challenging program lined up for the weekend, so if you know of someone who would like to attend please contact the Busselton Rotary Club so we can get an application in by 15th March.

ABOUT THE

NATIONAL YOUTH SCIENCE FORUM

The National Youth Science Forum (NYSF) is a not-for-profit organisation that runs a number of residential programs to encourage young people in their passion for science.
