**My First Job**

In his hometown there were limited opportunities  
So, he moved to Calcutta  
Where his desire was to get into Customs Work or shipping  
Started out as a teacher of many subjects at a local School  
Which he quite enjoyed  
Later he applied and joined the British Merchant Navy

**Teresa Carlson**

Was invited to the club by Phil Cordery to give a brief overview  
of Envision Hands bottle top project  
The collection of flat bottle tops is gaining momentum with Rotary Clubs  
And community groups across Australia  
Several Rotary Clubs in d9465 are now involved  
Bottle tops are collected and sent to Victoria and Tasmania  
Where they are converted into prosthetic Hands  
With the help of a 3D printer  
Approximately 500 tops are required to make one hand  
Envision Hands have a website Facebook page and a Go Fund Me page  
Teresa and her husband Richard have the Harvey Norman Franchise in Port Kennedy  
And have arranged for bottle tops to be collected and sent back to Victoria with their transport  
trucks about every three months  
Phil Presented Teresa with some tops that he his neighbours  
and grandchildren had collected

footnote ..... members wishing to collect tops  
Gosnells Inner wheel club is collecting tops  
You can deliver them to Willetton Senior Citizens Herald Avenue Willetton  
A member of the Gosnells Golf Club is collecting tops with the help of the golf club  
Or give them to Phil Cordery  
Start Collecting!!

Guest Speaker Amy Perrie

**Launched in 2016, Inclusion Solutions  
is a social enterprise that supports the work  
and objectives of Inclusion WA, a not-for-profit organisation  
with a proud 25-year history.**

**Social inclusion is our passion.**

**We wholeheartedly believe in the importance of inclusion  
and the many benefits it provides individuals and communities.**

**These benefits touch all parts of our community,  
and include improved physical and mental wellness  
an enhanced sense of belonging, stronger networks of social support and economic growth arising  
from a healthier society.**

Amy has been a qualified consultant for 8 months  
And her work at Inclusion Solutions involves working with those with disabilities  
And helping them find employment  
The organisation started in Alberta Canada where they have found employment for over 600  
disabled persons  
Here in WA 42 people are employed fulltime and part time through their efforts  
Amy highlighted the cases of Rob Colin and Adam with short videos of how they have been accepted  
by their employers  
Inclusion Solutions works hand in hand with several Rotary Clubs  
And with the assistance and encouragement of present and past District governors has become a  
Rotary in WA project
