Tonight's guest Speaker was Professor Stephen Powle

Global future Food Shortage

Professor started his presentation with how grateful he was for Rotary

As it changed his life when he spent 12 months in Michigan USA

As a Rotary Ambassadorial scholar

The world faces a global food shortage in coming years

As the population expand at an alarming rate

Estimates are in coming years the world population will exceed 10 billion people

And feeding them all will be a huge effort

Better technology and growing methods are the answer
Western Australia produces enough wheat and Canola crops
To feed 120 million people
95% of all our grains are exported

During his presentation, many members posed questions to Professor Stephen
And it was one of those guest speakers that we could have listened to much more

When you stand at the geographic South pole, all lines of longitude converge at that exact point, so you are literally standing in all 24 time zones. You can step from Today into Yesterday and back into Tomorrow. It's the only place on earth you can Time Travel.

**Got up at 5am, 8km run completed, came back prepared a vegetable smoothie for breakfast....
Don't remember the rest of the dream....**

her: tell me something you've never told anyone else

me: *whispering* i think the owl people are already among us

her: who?

me: holy shit

No Bake Cheese Cake Stuffed Strawberries

Ingredients: 1 Packet Strawberries, 1 Large Packet extra creamy whipped cream, 1 packet cream cheese (softened) 1 1/2 tsp vanilla extract, 1 packet cheesecake flavoured pudding, freezer bag

To make: Wash strawberries, cut an X in the top, allow to dry, chill in fridge for 2-3 mins.

Fold together whipped cream and pudding till blended. Slowly add cream cheese and vanilla extract. Place into freezer bag (zip locked) and chill for 30-35 minutes.

Remove bag from fridge, snip a corner off and pipe into the strawberries.. Enjoy :)
