New Rotary 'Theme' Announced

On 20 January, the new Rotary Theme for 2022-23 was unveiled. International President-elect, Jennifer Jones from Canada announced that she wants members to **imagine the possibilities** for the change they can make to transform the world.

She urged people to dream big and to harness their connections and the power of Rotary to turn those dreams into reality.

Incoming President, Jennifer Jones, announces the World Rotary Theme for 2022/23.

Jones, who will make history on 1 July by becoming Rotary's first female International President, announced the theme in a live online address to precede Rotary's annual training event for district governors from around the world, the International Assembly.

The theme graphic was designed by an Australian indigenous artist, in recognition of the location of the 2023 International Convention — to be held in Melbourne. It is rich with symbolism, as explained by Ms Jones:

- The circle represents our connections to one another
- The dots around it - our (Rotary) people
- There are 7 dots because of Rotary's 7 areas of focus
- The circle with dots around it also represents the Navigation star, our guiding light
- The green solid line is a digging stick (used when doing hard work); for us it is people of action and represents the tools for getting things done
- The colours: purple, green & white celebrate diversity, equity and inclusion: freedom to express ourselves differently but still with a special connection
- Singly: purple is for polio
green for the environment
white is for peace
- The colours represent empowerment and newness. They are also the colours which were utilised for the women's movement, representing the opportunity to grow our female membership.

Meeting Highlights

In the spirit of Australia Day, President Phil conducted a **Quiz on Australiana**.

With questions covering a wide range of topics — history, geography and popular culture — there was ample opportunity to display the full extent of our ignorance. It was up to Naomi and Grant to save our honour. And so it was, that on seventeen points apiece, these two high scorers were pitted against each other in a final nail-biting tie-breaker. Emerging victorious from the field —

after an extremely lucky guess — Naomi took out the glittering first prize of two tall necks [King Browns] of beer. Grant was rewarded with a bottle of nice Shiraz for finishing second, while John S. and Chris tied for third place, earning a packet of Tim Tams each.

In other gaming news, Andy (with a little help from the audience) was winner of **Today's Trivia**. **Newsletter Puzzle** winners Lloyd and John S. were awarded scratchies. There are still five scratchies up for grabs in next week's **Know Your WA**.

The **Chase the Joker** jackpot continues to climb: to \$254 with still 38 cards still in the deck. Robert da Prato drew the six of hearts.

In **Heads and Tails**, John Rechichi took home a block of Cadbury's Dairy Milk chocolate, compliments of this week's highly skilled tosser, Murray.
